About Us

AML Instruments provides multidiscipline calibration services both onsite and in-house at our fully equipped laboratory.

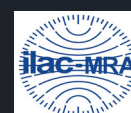

We pride ourselves on supplying a wide range of testing and measuring equipment from the World's leading manufacturers.

AML is both UKAS ISO 17025 and ISO 9001 accredited for calibration, repair & supply of test equipment. Our engineers offer these services to all sectors including: Aerospace, Automotive, Nuclear, Chemical and Pharmaceutical and are specialists in the calibration of test equipment in the Paper, Packaging, Plastics and Ink industries.

Calibration Services

AML aims to be a one-stop service for all of your calibration and instrumentation needs by providing calibration services to an extensive list of industries, accompanied by our renowned repair service offering repair down to component level.

We are your partner for life for all of your equipment needs.

Our engineers are all highly trained metrologists who hold many years of experience and pride themselves on always providing a first class service.

For Calibration Enquiries Contact:
01522 789 375 or sales@amlinstruments.co.uk

Our calibration services include:

- Full asset management
- Measurement and calibration consultancy
- Electronic, electrical and mechanical repairs
- Fast response to all enquiries
- Tailored turnaround on calibrations to suit your individual needs: while you wait, 24 and 48 hour express services or 5 days as standard!
- Online certificate portal

Calibration Services Onsite or in our Laboratory

AML are specialists at providing onsite calibration services across a wide range of calibration disciplines for all industries.

Dimensional

- Micrometers, all types
- Vernier and digital calipers
- Height gauges
- Surface tables and plates
- Screw plug and screw ring gauges
- Plain plug and plain ring gauges
- Gauge blocks
- Straight edges
- Feeler gauges
- Vee blocks
- Comparators
- Dial gauges, plunger and lever
- Levels
- Protractors, digital and vernier
- Bore gauges
- Steel Rules
- Paint thickness gauges
- Thickness gauges
- Profile Projector

Force

- Universal Testing Machines / Tensile Testers
- Load cells
- Force gauges
- Compressive strength measuring equipment

Temperature

- Oven and furnace surveys including to Nadcap requirements / AMS 2750.
- Autoclaves surveys including to Nadcap requirements AMS 2750
- Temperature probes
- Thermometers
- Temperature controllers
- Thermocouples
- RTD's

Mass

- Weights
- Process weighing equipment
- Weigh scales and balances 1 mg to 50 tonnes!

Electrical

- Multimeters
- Clamp meters
- Multifunction Testers
- Installation testers
- Insulation testers
- Process calibrators
- Tachometers
- PAT testers
- Power supplies
- Resistance boxes
- Voltmeters

Viscosity

- Viscometers
- Flow cups
- Cone & plate viscometers
- Rotothinner
- Krebs Viscometer

Optical

- Gloss meters
- Spectrophotometers
- Opacity meters

Pressure

- Pressure gauges
- Vacuum gauges
- Manometers
- Pressure sensors and transducers

Torque

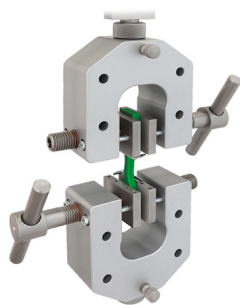

- Torque wrenches
- Torque screwdrivers
- Closure Torque testers
